CAN'T SPELL HOTEL?

Wellington's just-opened Ohtel on the waterfront at Oriental Bay puts a new spin on boutique hotels. Its 10 rooms are furnished with restored mid-century pieces (think Danish-designed chairs, Crown Lynn crockery and a colour scheme of orange, green and yellow) mixed with the modern comforts of king-sized beds, enormous bathrooms and high-speed internet access. And it does its bit for the environment with solar-heated water, waste recycling, eco-friendly cleaning products, guest toiletries made from natural ingredients and the use of locally sourced products ... smart *and* responsible. Ohtel, 66 Oriental Parade, Wellington, phone (04) 803 0600
