

## **WELLINGTON OH SO CHIC**

Ohtel is a new luxury 10-room hotel in Wellington's Oriental Bay. Its hot water is generated by solar power, recycling is strongly encouraged and all

bathroom amenities are made from natural ingredients. It's also a shrine to great mid-20th-century design with furniture throughout the hotel by designers such as Arne Jacobsen and Charles and Ray Eames. [navigateoceania.com](http://navigateoceania.com)
