

## CAPITAL CHIC

Ohtel is an exciting new hotel in the heart of Wellington. Filled with 1950s and 60s furniture and collectables by the likes of Arne Jacobsen and Nanna Ditzel, this is a great find for anyone who enjoys individuality. With views of the harbour and across a delightful green area from Te Papa, this 10-room, purpose-built hotel is just five minutes' walk from Oriental Bay and the main restaurants and shopping areas. Very chic, very cool. **LAURINE JACOBS**
